for sales at 25% to 30% for steam, 30% to 35% for tiles rendered in thermos and 25% to 30% for bricks. The price for the sale will be formed as a row of the market below.

Growers experience no relief in the money market demand was never urgent as yesterday, but this is not because people did not need money, but finding that the market was not closed, to a considerable extent, to make applications. The causes of the deficit, we stated yesterday. Until these are removed, as to say, until we reach a period when production can be normal relief. The west is now holding the bulk of the money, which is not being used, and it is at this service, while the country is being drained of currency to pay for our imports. The rates of interest will be 10 to 15 per cent.

And here are the quotations given by our bankers (the Board and Government) securities on 2 o'clock this noon:
